

Dear Government Representative:

I am a concerned citizen and am very troubled by the potential loss of our shelter which cares for thousands of stray and homeless pets on an annual basis. The citizens of our local communities also desperately need the important services such as low cost spay/neuter and vaccine clinics that the CCSPCA/SJRAS offers. For more than 70 years they alone have shouldered the burden of providing refuge for animals in need, assisting pet owners with necessary services and acting as a resource for any animal related issues.

The welfare of the animals is a community responsibility of vital importance as well as a quality of life issue and a matter of public safety. As an elected representative of our area, I ask that you do everything in your power to ensure the continuation of these crucial services by supporting the South Jersey Regional Animal Shelter with whatever resources are necessary to continue these essential services.

Thank you for your time and attention to this matter.
